

Stylesheet for exporting PDF

When you generate PDF in default format, your PDF may not like the real confluence website - its font is too large and table is not that fancy. Below style sheet will help you to have better fancy PDF.

You can change the Stylesheet at "Administration" "LOOK AND FEEL" "PDF Stylesheet"

```
-----
PDF LaYOUT > PDF Space Export Title Page
-----

<div class="fsTitlePage">
<div class="fsDocTitle">Documentation for Confluence 5.0</div>
</div>
<div class="tocTitle">Contents</div>

-----
