

Hide the Space Tools menu for Anonymous Users in Confluence

When you want to hide some menu for anonymous users, Custom HTML is useful.

Solution

1. Navigate to Confluence Administration page >> Custom HTML.
2. Click Edit.
3. Add the following to At the end of the HEAD section and click Save:

```
<script>
  AJS.toInit(function(){
    if (AJS.params.remoteUser == ''){
      AJS.$("#space-tools-menu-trigger").hide();
    }
  });
</script>
```
